

# ZeroGravity® Score™ Mop

## Efficient Cleaning, Zero Hassles

Discover unparalleled comfort and versatility with the ZeroGravity® Score™ Mop, designed meticulously with ergonomics in mind. This revolutionary mop features adjustable height and trigger settings, tailored to enhance the operator’s comfort and reduce strain during cleaning tasks. In addition, the unique placement of the reservoir makes the cleaning end of mop much lighter and more maneuverable, placing less strain on the back and shoulders while also allowing improved access cleaning under tables, chairs and in tight spaces.

Engineered for those who prioritize precision and ease in their cleaning arsenal, the ZeroGravity Score Mop seamlessly integrates with your preferred floor cleaning chemicals or disinfectants.

Ideal for high-traffic environments like classrooms, waiting rooms, and common areas, this mop stands out as the essential tool for professionals who seek not just cleanliness but also a significant reduction in physical effort and time. Experience a cleaner, more hygienic setting with minimal hassle, thanks to the ZeroGravity Score Mop—where functionality meets ergonomic excellence.

### ZEROGRAVITY® QUICKCHANGE FLUID ON BOARD MOP.

Equipped with an on-demand fluid reservoir, this mop holds up to 20 fluid ounces of your preferred cleaning solution, allowing you to extend your mopping reach effortlessly. Perfect for spaces where a little extra goes a long way, it ensures you cover more ground with fewer refills, boosting your cleaning efficiency.
