

# Sontara® Multipurpose Shop Towels

## Durable, absorbent, low-lint shop towels

Sontara® Multipurpose Shop Towels are available in a smooth or textured finish and stand up to harsh solvents, boiling water and just about any cleaning fluid you will find in the workplace. They offer strength, sorbency and versatility with exceptional performance whether used in wet or dry applications. Available quarter folded or in single or double pop-up boxes. Wall mountable racks are also available for the pop-up boxes.

**Textured Shop Towel** traps and removes debris and gently scrubs away contamination without damaging underlying surfaces. Priced to be disposable which can minimize cross-contamination by throwing away used towels.

**Smooth Shop Towel** offers exceptional durability and solvent resistance (lasts longer than ordinary shop towels). Absorbs quickly (ideal for preparing surfaces and cleaning spills) and is low linting (fewer fibers that can cause product defects).
